

The Bruce Butler Memorial Sportsman Award

The Bruce Butler Memorial Sportsman Award will be awarded annually, by the Buckeye Buckmasters chapter, to a graduating Barnesville High School senior who best conveys why the sport of Hunting and/or the Outdoors is important to them and how these activities have helped shape their life. Applicants can apply for the \$500 award by submitting a hand written essay of 500 words or less about the subject. The application deadline will be April 15th annually. The award winner will be chosen by the Butler Family and presented at the annual awards assembly.

Bruce Butler was a model Sportsman who was passionate about our Hunting Heritage and the Great Outdoors. He respected wildlife and understood the value of conservation. He passed on his knowledge and love of the Outdoors to many eager youngsters who were willing to learn and listen. Unfortunately, Bruce was taken from us by cancer much too soon, but the impressions and memories that he left with those of us who were lucky enough to know him will last forever.
