The Mental Health and Recovery Board

(MHRB) is a public agency organized under Chapter 340 of the Ohio Revised Code and created to establish a unified system of mental health and addiction recovery services for citizens of Belmont, Harrison and Monroe Counties.

The Mental Health and Recovery Board (MHRB) is a branch of county government which is authorized and defined in the Ohio Revised Code, Section 340. It was created to establish a unified system of mental health and addiction recovery services for citizens of Belmont, Harrison and Monroe Counties. County boards do not provide direct clinical services, but rather purchase those services, primarily from local community agencies.

County boards are responsible to determine local needs, develop a community plan, set priorities, direct resources and monitor services in their district. This provides an opportunity to create integrated systems of care that are most responsive to the needs and desires of the local citizens. This is important because characteristics of counties vary widely and there is a mix of urban, suburban and rural areas in Ohio that makes a “one-size-fits-all” approach particularly ineffective.

Our Community

The Mental Health and Recovery Board works through community partnerships to develop prevention, treatment and recovery support services. Working with our local community providers to develop and provide services that are outcome oriented and prioritized for individuals and their family members. Local community partners include:

- Providers
- Education
- Health and Human Service Organizations
- Faith Based organizations
- Elected officials

- Criminal justice
- Other health organizations
- Clients and family members

Find Help

Where you go for help will depend on who has the problem (an adult or child) and the nature of the problem and/or symptoms. Often, the best place to start is your local behavioral health organization. Your primary care doctor is also a good person to talk to if you think you may need to see somebody about your mental health and/or substance use issues.

Our Mission

Our mission is to foster a mental health and addiction system of care, in partnership with the community, and built upon our collective strengths and principles of recovery.

The crisis hotline of Tri-County Help Center provides 24-hour crisis intervention and 24-hour availability for hospital accompaniment.

Crisis Text Line

Crisis Text Line in Ohio Supporting Ohioans in Stressful Times
Text “4HOPE” to 741 741

The Ohio Department of Mental Health and Addiction Services (OhioMHAS) has entered into a contract with the national Crisis Text Line to provide Ohioans with a state-specific keyword to access its free, confidential service available 24/7 via text on mobile devices. Text the keyword “4hope” to 741 741 and expect a reply from a trained Crisis Counselor within five minutes. Your message is confidential, anonymous, and secure. Data usage while texting Crisis Text Line is free and the number will not appear on a phone bill with the mobile service carrier. An algorithm reviews text for severity and messages that are determined to be from someone at imminent risk are placed at the top of the queue.

National Suicide Prevention Lifeline

National Suicide Prevention Lifeline

1-800-273-8255

We can all help prevent suicide. The Lifeline provides 24/7, free and confidential support for people in distress, prevention, and crisis resources for you or your loved ones, and best practices for professionals.

Local System of Care

The local system of care is a comprehensive network of community-based services and supports organized to meet the needs of individuals and their family members to effectively address behavioral health issues.

The Mental Health and Recovery Board funds programs and services delivered through many provider agencies. If you are looking for help for a mental health or addiction concern, **please contact the agencies listed here if you are seeking assistance.**

Belmont County Student Services

349 35th Street
Bellaire, OH 43906
(740) 676-4815 Ext. 8

Student Services is a school-based agency that provides prevention, early intervention, and support services in Belmont County Schools. These services are designed to help students develop skills to succeed in school, and lead healthy, productive, positive lives. These goals are accomplished through classroom education programs, presentations, small education groups, student support programs, and referral services for students who may be in need of counseling or other community services. All of our services are free and available to any student who attends school in any of the districts with which Student Services has a contract.

CEDAR RIDGE
— BEHAVIORAL HEALTH SOLUTIONS —

Cedar Ridge Behavioral Solutions

118 West Main Street
St. Clairsville, OH 43950
(855) 692-7247

Here at Cedar Ridge Behavioral Health Solutions (CRBHS), we are committed to enriching the lives of individuals and families throughout Central and Southeastern Ohio. Our highly-qualified and caring therapists are dedicated to providing each individual we serve with the best possible opportunity to reach his or her full potential.

Unlike many other outpatient behavioral health providers who commonly rely upon traditional office-based therapy, CRBHS also delivers services within the community to best meet the unique needs of our clients. Acknowledging the environmental influences on emotional and behavioral development, CRBHS therapists offer services in the comfort of your own home, or the convenience of your child's school while ensuring that privacy and confidentiality are maintained.

Problems that many of our clients face on a day-to-day basis that require our attention include: Low Self-Esteem, Depression, Attention Difficulties, Hyperactivity, Classroom Defiance, Skipping School, School Work Deterioration, Suspension or Expulsion, Victims or Perpetrators of Bullying, Victims or Witnesses of Trauma, Survivors of the Loss of a Parent, Children/Teens of Divorced Parents, Self-Harming, Easily Irritated, Running Away, and Substance Abuse to name a few. If you or loved one experience any of these symptoms or any other emotional/behavioral issues, contact CRBHS today to speak to a professional.

—Crossroads continued

Our primary treatment approach at Crossroads Counseling Services is through outpatient programs including individual, group, and family counseling. We provide these counseling services to individuals who may need treatment for their own substance abuse issues, and to those individuals and families who are negatively affected by the problems associated with someone else's abuse, dependency, or addiction. We also provide treatment for other addictions and related issues such as eating disorders, compulsive gambling, anger control, and dual diagnoses.

When an individual makes the important decision to come to Crossroads Counseling Services, it is the agency's goal to provide the treatment most beneficial to that person's needs. Each person presenting for services will receive an initial evaluation to determine the type and extent of his/her problem as well as an individualized treatment plan that will outline the treatment process. The person may then be offered one or more of a variety of counseling services, whichever will most effectively help the person achieve his/her goals in treatment. You can find descriptions of our many treatment programs on this page.

Our goal is to provide a comprehensive range of treatment that will be effective while also providing easy access. In this way, we can help people maintain their work, family, and/or school lifestyle as much as possible.

Family Recovery Center

1010 North Sixth Street
Steubenville, OH 43952
(740) 283-4946

The Family Recovery Center was founded to reduce the incidence and prevalence of chemical dependency and behavioral problems in Columbiana and Jefferson counties and surrounding areas by:

- A. Ensuring the availability of comprehensive treatment and rehabilitation services to persons and significant others affected, and
- B. Educating and involving the community in the prevention of all forms of chemical abuse and dependency.

Because these issues often coexist with mental health issues, the agency expanded its services to include individuals with various mental illness diagnoses.

Long-term sobriety requires ongoing, multi-disciplinary treatment and a strong support network. Family Recovery Center provides care and support through powerful, convenient programs that help clients learn to fully integrate recovery in their day-to-day lifestyle.

Clinical services are available for adults, adolescents and children experiencing symptoms due to alcohol/drug use/abuse, effects of another's use, and/or mental health issues.

Prevention services are primary (directed to youth before they are involved in substance use/abuse) and early intervention (directed to youth who are experimenting, using and abusing substances).

Nami Greater Wheeling

1035 Chapline St 1st floor
Wheeling, WV 26003
(304) 905-0635

NAMI stands for the National Alliance on Mental Illness.

The families and members of NAMI Greater Wheeling are here to help! We offer understanding to anyone concerned about mental illnesses and the treatment of mental illness.

Mental illnesses are brain disorders that are biologically based medical problems. Untreated, they can cause severe disturbances in thinking, feeling and relating. This results in substantially diminished capacity for dealing with the ordinary demands of life. Mental illness can affect persons of any age and occur in any family. They are not caused by bad parenting and not evidence of weakness of character.

Our mission is to work to improve the quality of life for individuals living with mental health conditions and their families through community outreach, public education, advocacy and support. We are a group of families, professionals and recovering persons with mental illness, dedicated to improving the care, treatment, rehabilitation and status of people with mental illness.

Tri-County Help Center is a trauma informed, mental health agency that specializes in working with victims/survivors of violence. Our mental health recovery program believes in a client directed recovery process and recognizes the need for hope, meaningful activities, spirituality, cultural understanding, education and socialization.

— Tri-County continued page 12

—Tri-County continued

groups, case management, psychiatric services, legal advocacy, and a domestic abuse intervention program (DAIP). We also offer a 24 hour emergency shelter for survivors of domestic violence and sexual assault. At this shelter, one can receive support, linkage to needed recourses, legal advocacy, safety planning, and case management.

Victims/survivors of sexual assault can receive support through the work of a trauma-informed advocate. This advocacy includes emotional support, accompaniment to law enforcement interviews and medical care, connection to counseling services, accompaniment to court, safety planning, and assistance with other issues associated with assault. Advocated can also help survivors fill out paperwork for victim compensation and VINE. This program is funded through a grant from the Attorney General's Office.

Tri-County offers community education and prevention and an internship program.

Northwood Health Systems

2121 Eoff Street
Wheeling, WV 26003
(304)-234-3570 (Crisis Unit ext. 3231)

Care for children, adolescents, adults, and senior citizens with emotional problems, mental retardation, mental illness and drug and alcohol addictions. Some of the case managers come to pick up food orders for their clients. They will call with the individuals' names and # of household members. These orders can be pre-made for them by request and ready for them to pick-up. They may also bring their client in to pick out things for themselves. In this case, we can push them through in the next space available if need be.

21 S. Huron Street
Wheeling WV 26003
(304) 232-2190

The two agencies of OVRTA and EORTA work cooperatively to serve communities on both sides of the Ohio River. There are seven fixed routes in West Virginia and four fixed routes in Ohio. Beyond the fixed route bus service, the OVRTA and the EORTA jointly initiated a 24-hour advanced reservation curb-to-curb paratransit van service, known as AdVANtage. It was established to better serve the transportation needs of the disabled within their service areas.
