

## **Seeking Federal Funding Input**

The Barnesville Exempted Village School district is seeking community input regarding the use of federal dollars for Titles I, II-A and IDEA-B. These federal funds supplement the state and local dollars that also provide funding for the district's comprehensive educational services. A meeting will be held in the Barnesville Middle School Cafeteria on Thursday, July 15th, 2021 at 5:30 pm.

Title I funds are used to provide reading/math instructional intervention along with materials and supplies, tutoring services, parent involvement activities and professional development for staff. Title II-A funds reduce class size and provide professional development activities to improve teacher quality. IDEA-B funds are utilized for special education and related services for children with disabilities by supporting unique needs as identified through an Individualized Education Plan (IEP).

Any questions regarding these programs are welcomed. Suggestions regarding the use of these federal dollars should be directed to:
